# 2ο Μέρος - AppStudio

The screenshot displays the Windows Phone AppStudio interface. On the left, a preview of a mobile application titled "My RSS app" is shown on a smartphone screen. The app's content includes "Movies News" and several news items such as "Samuel L. Jackson Returns as Nick Fury in 'Agents of S.H.I.E.L.D.' Season Finale" and "'Dexter' Star Michael C. Hall Interested in 'Daredevil' Netflix Series". A "PREVIEW" badge is visible at the bottom right of the phone. Below the phone is a green "Windows Preview" button.

The main editing area is titled "Main sections (6 Maximum)" and features a "SAVE" button in the top right. It contains three blue section cards: "Movies News" with an RSS icon, "What RSS is" with a play icon, and "My static coll..." with a list icon. Each card has an "Edit" button at the bottom. To the right of these cards are three dashed rectangular boxes representing empty slots for additional sections.

Below the main sections is the "Basic sections (click to add)" area, which includes icons for "Rss", "Html", "Youtube", "Flickr", "Bing", and "Facebook".

The "Advanced sections (click to add)" area at the bottom contains icons for "Menu" and "Collection".

The browser's address bar at the top shows the URL: <http://appstudio.windowsphone.com/projects/8615d119-2b98-4d39-9689-e724a3542e93/content>. The Windows taskbar at the bottom shows the Start button, several application icons (Internet Explorer, Mail, Word, Excel, PowerPoint, OneNote, and a folder named "IRM\_CCSA\_X6 (...)", keyboard, mouse, and network icons), and the system tray with the time "12:15" and date "04/09/14".

# Δημιουργία εφαρμογών με το AppStudio

The screenshot shows the AppStudio web interface in a browser window. The address bar displays the URL: <http://appstudio.windowsphone.com/projects/8615d119-2b98-4d39-9689-e724a3542e93/content/9b8afef5-5241-48ed-9dc5-f65cdb9309bd>. The browser tab is titled "Edit section - Content - Wind...".

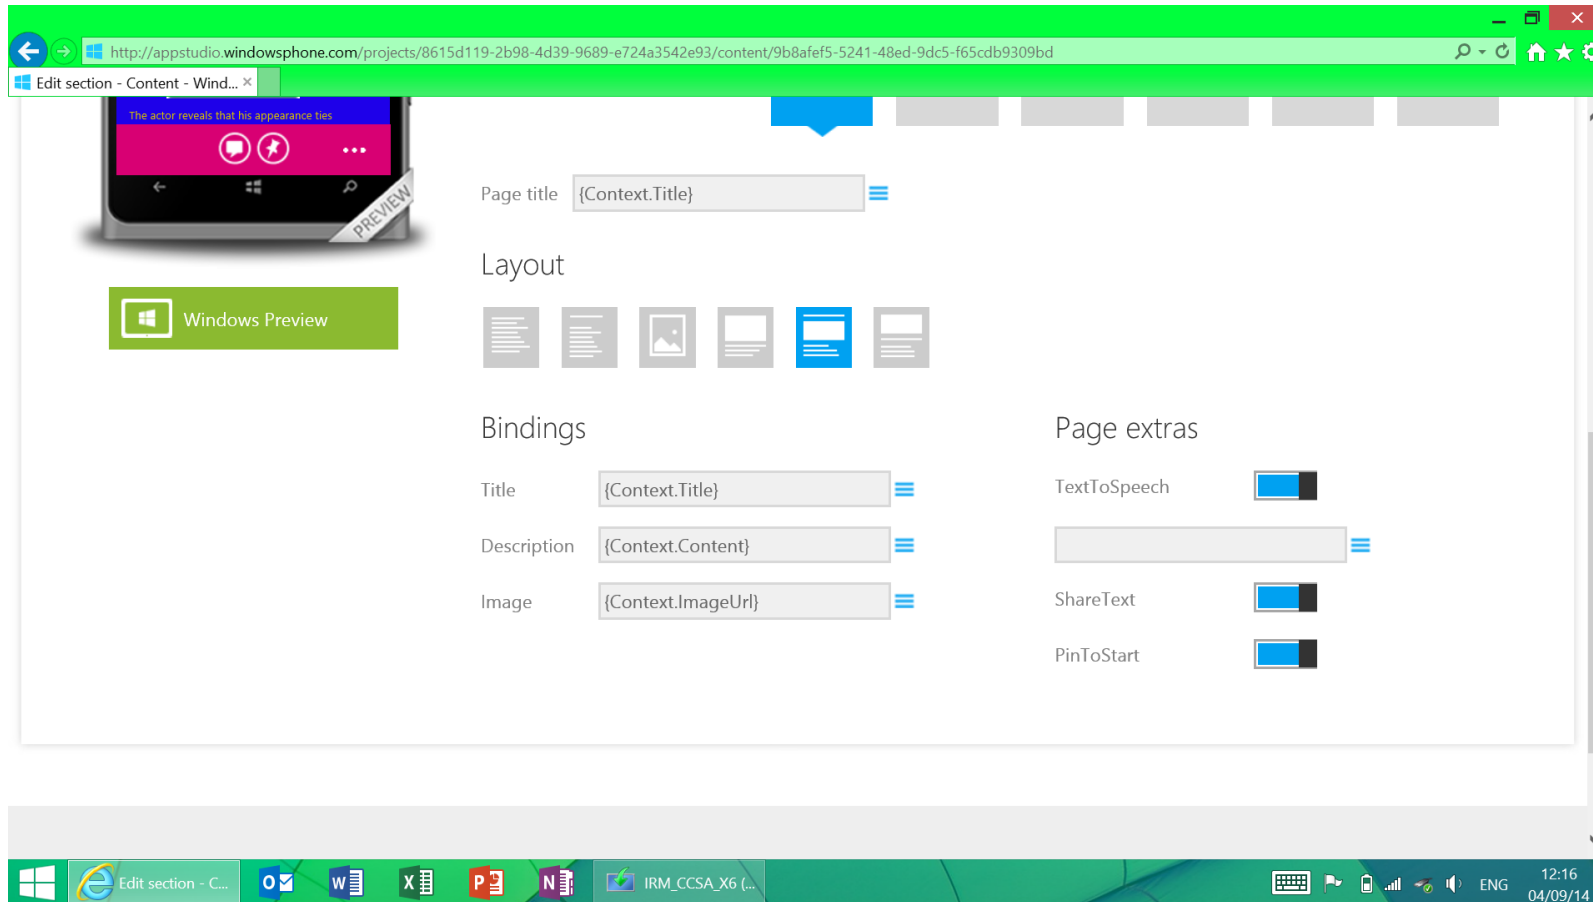

The main interface is titled "Edit section" and includes a "SAVE" button. The "Section title" field contains "Movies News". Below this, there are two tabs: "PAGES" (selected) and "DATA".

The "PAGES" tab shows a preview of a page on the left, which displays a mobile app interface for "My RSS app" featuring a post about Samuel L. Jackson. Below the preview is a "Windows Preview" button. The main editing area contains a list of page thumbnails, with the first one selected and highlighted in blue. There are three plus signs (+) to the right of the thumbnails, indicating the option to add new pages.

The "Page title" field contains the placeholder text "{Context.Title}". Below this, there is a "Layout" section with several icons representing different page layouts.

The Windows taskbar at the bottom shows the following applications: Internet Explorer (Edit section - ...), Outlook, Word, Excel, PowerPoint, OneNote, and a folder named "IRM\_CCSA\_X6 (...)". The system tray on the right shows the time as 12:16 and the date as 04/09/14.

# Δημιουργία εφαρμογών με το AppStudio

The screenshot displays the Windows App Studio web interface. At the top, a browser address bar shows the URL: <http://appstudio.windowsphone.com/projects/8615d119-2b98-4d39-9689-e724a3542e93/content/9b8afef5-5241-48ed-9dc5-f65cdb9309bd>. The main content area is divided into several sections:

- Preview:** A smartphone mockup showing a mobile app interface with a blue header and a red button. A "PREVIEW" banner is overlaid on the bottom right of the phone.
- Windows Preview:** A green button with the Windows logo and the text "Windows Preview".
- Page title:** A text input field containing the placeholder text "{Context.Title}" with a menu icon to its right.
- Layout:** A row of six icons representing different app layouts. The third icon, which shows a list with an image, is highlighted in blue.
- Bindings:** A section with three text input fields, each with a menu icon to its right:
  - Title: {Context.Title}
  - Description: {Context.Content}
  - Image: {Context.ImageUrl}
- Page extras:** A section with four toggle switches:
  - TextToSpeech: A blue toggle switch.
  - ShareText: A blue toggle switch.
  - PinToStart: A blue toggle switch.
  - An unlabeled text input field with a menu icon to its right.

The bottom of the image shows the Windows taskbar with various application icons (Internet Explorer, Mail, Word, Excel, PowerPoint, OneNote, IRM\_CCSA\_X6) and system tray icons (network, volume, date/time: 12:16 04/09/14).

Build your app

Now that you have finished your app it's time to bring it to life. Once you generate it, we provide you with three downloads:

- **Download package:** An immediately installable package that you can load onto your Windows Phone 8, Windows 8 tablet, or Windows 8 PC.
- **Publish package:** Publish packages that you can take to Windows Phone Store and Windows Store to publish
- **Source code package:** The complete source code that you can edit in Visual Studio

[Generate](#)

### Windows Phone 8 packages

1. Once the app is generated you will receive an email
2. Install the certificate we send you in the email
3. Scan the code to install your app
4. Remember you have to install the certificate we sent you via email
